Paula L. Gordon—Superintendent

Cold Weather Recess

Students generally go outside for recess every day, so they should be dressed appropriately. To ensure that our students are appropriately dressed, the school has purchased snow pants, coats, gloves, scarves, and hats for the use of our students. Exceptions are made only when a child brings a doctor's note excusing him/her from outdoor recess, or when weather conditions force recess indoors.

Indoor recess is determined based on the following guidelines:

- If the temperature outside or the wind chill, is 0° F or below, all students will remain inside for the entire recess.
- However, at the principal/superintendent or head teacher's discretion, students may be kept inside for part of or the entire recess.

Other considerations in which indoor recess is allowed could include poor conditions on the playground and the presence of heavy precipitation.

For indoor recess, students are supervised in either the library, cafeteria, or the classroom.
